SPC WALL PANEL

The perfect blend of innovation and elegance. SPC wall panels, with their stunning stone textures, offer an unparalleled combination of aesthetics and functionality, radiating a natural charm that is both classic and modern.

Creates unique designs & colors that offers infinite possibilities

Areas of Application

Wall paneling
Designer Walls
false ceilings
Lift Jamb

Cornices
Pillars
Table
Executive Tables

LCD walls
Storage units
and many more

MATERIAL

UV Marble Series

Rock Board Series

- **SPC Rigid Core** High-performance composite panels that combine the exceptional qualities of stone and plastic, delivering outstanding strength and resilience.
- **Decor Film Layer** We offer widely popular texture patterns suitable for various home styles. Our high-definition, intricate textures closely mimic real materials.
- **UV Coating Layer** High-performance UV coating treatment can effectively prevent damage to the board caused by ultraviolet rays.

PRODUCT PROFILE

ADVANTAGES

Waterproof

SPC UV BOARD has the advantage of being waterproof and moisture-resistant, addressing the weakness of traditional wall panels that are susceptible to water.

Fireproof

The combustion test level reaches B1, and the material is effectively fireproof.

Eco-Friendly

Eco-friendly and formaldehyde-free, it is a new type of green and environmentally friendly decorative material.

Easy to Install

Installation is convenient, saving a considerable amount of time and money

Easy to clean

The surface is smooth and easy to clean, preventing the accumulation of stains.

Diverse design options

Offers a wide range of textures and colors suitable for various interior design styles, meeting diverse needs.
